## APPENDICES

APPENDIX A – CAMPUS PARKING ZONE MAP

APPENDIX B – PERMIT DESIGNATIONS

APPENDIX C – WALKABLE ZONE MAP

APPENDIX D – DESIGNATED PARKING ZONE PER CAMPUS ADDRESS

## **PARKING REGULATIONS**

### **1.0 GENERAL**

ALL MOTOR VEHICLE REGULATIONS ARE IN EFFECT 24 HOURS DAY, 12 MONTHS A YEAR, UNLESS OTHERWISE STATED. ALL REGULATIONS ARE SUBJECT TO CHANGE AS DEEMED NECESSARY BY THE UNIVERSITY.

The motor vehicle must be absolutely under control at all times. Courtesy to other drivers and considerate concern for pedestrians are basic prerequisites for the privilege to drive on campus. The privilege to drive on campus will be revoked whenever it appears that an operator is guilty of reckless or inconsiderate driving, or willfully disobeys regulations governing the use or parking of a motor vehicle.

All motor vehicles operated on any University property, either regularly or temporarily, must be registered with Parking Services and are subject to all the parking and other motor vehicle regulations issued by the University.

All students, faculty and staff will be held responsible for the violations of any vehicle registered to any member of their family or other visitors.

There is a fee for parking on any University-owned property. Under Pennsylvania law the University may have unauthorized vehicles removed from its property and held until the towing and storage charges have been paid (75 Pa. C. S. 3353).

### **2.0 MOTORCYCLES**

Requirements of Pennsylvania law for motorcycles, including headgear and eye protective devices if required, will be enforced on campus.

### **3.0 DUTY TO REPORT ACCIDENTS**

The operator of a motor vehicle involved in any accident resulting in personal injuries in any degree, or damage to any property must immediately, by the quickest means of communication possible, notify the University Police. Failure in this regard will result in suspension of motor vehicle privileges.

### **4.0 REGISTRATION**

All vehicles operated or parked on Lehigh property, either regularly or temporarily, must be registered with the Parking Services office and must display a valid parking permit. Visitors may park at a parking meter or pay-by-space areas without displaying a permit or may obtain a permit from the Parking Services Office.

A maximum of one permit will be issued per person, except Visitor and Car-Free Zone permits.

All student parking fees are due prior to the issuance of a permit. Student parking permits are valid for the Fall and Spring semesters. Parking for either (or both) Summer Session(s) requires an additional permit and fee.

The Parking Services office is located at 622 Brodhead Avenue. Registrations are not accepted by phone. No student may register the vehicle of another student. Temporary and visitor parking is available at meters or pay-by-space areas.

Changes in license plates and/or vehicles must be reported immediately to Parking Services.

## **5.0 PROHIBITED REGISTRATION**

First-Year students, excluding nonresident commuting students, are not permitted to have, park, or operate any motor vehicle while in residence. A First-Year student, for purposes of determining eligibility to obtain a parking permit, is a person who is attending college for the first time or a person who has not yet achieved sophomore academic standing. A student's class-year status is determined by entry date and a minimum number of credits need to be earned. This distinction is important in that students bringing AP credits into Lehigh University do not advance in class year for purposes of obtaining on-campus parking.

First-Year residential students are not permitted to park vehicles on University property. It is important that non-eligible resident students DO NOT bring their vehicles to campus or park in the residential areas surrounding Lehigh University since the adjacent City prohibit non-residential parking on many local streets. Non-eligible resident students found parking in the neighborhoods surrounding the campus may be subject to disciplinary action through the Dean of Students Office and may be prohibited from obtaining a permit in their upperclass years.

All First-Year student violations carry a minimum fine and vehicles are subject to towing at the owner's expense.

First-Year student violators are subject to additional penalties including, but not limited to, suspension of privileges for subsequent years.

All students are encouraged to review the Multi-Modal Transportation options offered to the Lehigh University community as presented at the front of this document.

Exceptions to the resident student parking restrictions for First-Year Students are extremely limited. First-Year Students may appeal for medical reasons in order to seek off-campus treatment, provided appropriate documentation from a physician that details the student's treatment schedule is provided. First-Year Students with a credit bearing internship may also apply for an exception. Students should keep in mind that First-Year Students who receive an exception in these limited instances are most often assigned to park where student parking capacity is available. Students who intentionally submit false documentation in order to obtain a parking permit are referred to the Dean of Students Office for disciplinary action. To be considered for an exception permit, First-Year Students resident students must submit an online appeal to the Parking Office before the vehicle is brought to campus. Documentation from a physician (including a treatment schedule) or an employer (only academic credit bearing internship employment will be considered) should be emailed to [inpark@lehigh.edu](mailto:inpark@lehigh.edu) on official letterhead. Medical and/or employment (credit bearing) will not necessarily be reasons for an appeal to be granted. No temporary permits will be issued unless permission has been granted in advance. This includes periods before and after holidays and breaks. Please check with the Parking Services department for appeal information and deadlines.

## 6.0 PARKING ZONE ASSIGNMENT

### 6.1 GENERAL

Generally, all Lehigh University Parking Facilities, with the exception of metered and pay-by-space areas, will be assigned during the academic day to specific users based upon Campus Address (refer to Appendix A). Please refer to the respective permit regulation section for your permit type for further information.

In general, permits will be assigned to one zone and will not allow students, faculty, staff or any other Lehigh University permit holder to park in multiple permit zones during the academic day. Parking zone assignments are applicable to Faculty/Staff Parking Facilities between 6:00 A.M. to 4:00 P.M. Parking zone assignments are applicable to Student Parking Facilities 24 hours a day.

Regardless of the parking zone a permit holder is assigned to, permit holders will not be permitted to park in any other Campus Parking Zone between the hours of 6 A.M. and 4 P.M. Monday through Friday.

Permit holders who park in Commuter Lots must have an "Evening and Weekend" permit if they wish to park in any other Faculty/Staff Campus Parking Zone after 4 P.M. and on weekends.

In the event all parking permits available for a parking zone are sold out, users may choose to be placed on a waitlist for their preferred zone.

Reserved Spaces are reserved at all times for properly identified vehicles.

### 6.2 DUAL ZONE PERMIT FOR MOUNTAINTOP

The Dual Zone permit is a pilot program for 2019-2020 academic year and will be reviewed by senior leadership after one year. Dual Campus Parking Zone permits allow Campus Parking Zone Assignment to an Asa Packer Campus Parking Zone and to the Mountaintop Campus Parking Zone. Faculty with Campus Addresses on Asa Packer Campus are eligible for a Dual Campus Parking Zone assignment, if the below conditions are met.

- Faculty member must demonstrate work performed (research and/or classwork) on both the Mountaintop campus and Asa Packer Campus two full days of the work week between the hours of 8 AM and 5 PM.
- Faculty member must have written permission provided to Parking Services by their College's Dean.
- Dual Campus Parking Zone permits are not intended for those with frequent meetings or intermittent classes on Mountaintop.
- Dual Campus Parking Zone permits will not be issued for those with campus address at 306 S. New Street.

Dual Passes for Mountaintop will only be issued after initial parking permit registrations are complete for Mountaintop campus as parking capacity allows. Priority to parking capacity on Mountaintop campus will be given to those with Campus Addresses on Mountaintop.

The cost of the permit is \$650.00 per year for those who meet the above criteria.

The cost of per is \$750.00 per year for people who **do not** meet the above criteria.

## **7.0 PERMIT INFORMATION**

### **7.1 GENERAL PERMIT INFORMATION**

A parking permit is required to park in all Lehigh University Parking Facilities 24 hours a day and 7 days a week. Meters and pay-by-space areas are located in the Alumni Parking Garage, Iacocca Hall, Iacocca Visitor Lot, and Zoellner Parking Garage for visitors. On-street meters are under the jurisdiction of the Bethlehem Parking Authority.

Parking permits are issued in several different colors and designs designating the individual's specific privileges. Information concerning authorized parking areas is distributed with each permit. Absence of signs (due to theft or vandalism) is not an excuse for improper parking. Parking permits must be displayed as indicated on the permit.

Registered vehicles may only have one permit displayed at a time. Operators must remove outdated and expired permits and be sure the most recent permit is the one being displayed. If this is not done, a citation for Improper Display of a Permit may be issued.

It is the responsibility of the individual to display a valid parking permit on his/her vehicle whenever parked on any Lehigh University owned property. In cases when an individual forgets to bring his/her parking permit to campus, the vehicle must either be parked at a meter, and the meter fee or pay-by-space fee paid. A temporary permit can be obtained from Parking Services until the requested permit can be displayed.

All permits remain the property of Lehigh University, and are non-transferable to other persons. Financial responsibility for each permit remains with the person to whom issued until returned to Parking Services.

The responsibility of the permit owner is to safeguard his/her parking permit as any other valuable. Locking your vehicle at all times is a good way to deter theft of your permit and other valuables which may be in your vehicle. In cases where a permit is stolen, a Lehigh Police report must be filed. In cases where a permit is lost, it must be reported to Parking Services. Permit registrants are responsible for all violations incurred on their permit prior to notification being received by the Parking Services office of lost or stolen permit. The student replacement permit fees are full price, payable in full prior to a replacement permit being issued. For more information, please contact Parking Services.

### **8.1 SPECIAL EVENTS AND PROJECTS RESULTING IN LOSS OF PARKING**

The definition for Event Coordinator is the Host Department or responsible Project Manager serving as the primary contact to Parking Service Department

Reserved parking for special events and projects resulting in loss of parking will no longer be allowed during the academic day in permit locations. Event coordinators and Project Managers will be encouraged to utilize a shuttle from a remote location such as Goodman Campus or a Bethlehem Parking Authority parking facility within the City of Bethlehem. Special exceptions to this rule must be submitted to and approved by the Provost and VP Finance & Administration. Requests for special events and reserved parking must be submitted a minimum of two (2) weeks prior to the event date.

### **8.2 EVENT PARKING SHUTTLES**

By Zoning Code, shuttles to/from additional Lehigh University parking garages shall be provided when Special Events exceed anticipated attendance of 1,050 people in Zoellner Arts Center and Grace Hall (combined attendance). This expense will be paid for by the Event Coordinator(s) whose events projected attendance exceeds the attendance criteria.

### **8.3 VISITOR COORDINATION COMMITTEE**

Planning and Scheduling of Special Events and Campus Projects will be coordinated through a committee comprised of each University Department to plan for transportation and parking needs. Meetings will be held monthly, and committee members will be bound by the "Special Event and Projects Resulting in Loss of Parking" regulation.

## 9.0 PERSONS WITH DISABILITIES

### 9.1 DISABILITY PARKING SPACES

Lehigh University permit holders may only park in disability parking spaces if they are displaying a state issued disability plate or hangtag or a Lehigh issued disability hangtag.

Vehicles in an unmetered space must display a permit valid for the designated Lehigh University parking zone.

Vehicles in a metered space with a Blue Meter must pay meter rate.

Disability Parking Spaces provided in Faculty/Staff Parking Facilities or Student Parking Facilities (permitted lots) are only available for assigned permit holders to that Campus Parking Zone. Visitors eligible for use of disability parking spaces must have a Daily Visitor Pass for the desired zone or utilize the pay-by-space or meters available in Zoellner Garage, Alumni Garage and Mountaintop Campus. On-street meters are under the jurisdiction of the Bethlehem Parking Authority.

Parking Services will make every effort to provide an assigned location for Daily Visitor Pass permittees eligible for disability parking spaces to the closest location to their destination. In the event the location is within the Car-Free Zone, the AccessLU Shuttle may be utilized.

Individual reserved spaces will not be provided for medical needs.

### 9.2 ACCESSIBILITY SHUTTLE

## 11.0 SNOW EMERGENCY REGULATIONS

Snow Emergency regulations are automatically in effect when the official accumulation of snow for the Allentown/Bethlehem area reaches one inch. They will remain in effect until 7:30 A.M. on the third day following the end of the snow fall, unless canceled earlier.

The snow emergency regulations that follow apply to all members of the Lehigh community, guests, visitors, etc.

Prohibited parking regulations will be strictly enforced. Violations during periods of snow emergencies carry a minimum fine of \$50.00.

Parking is prohibited on Asa Packer Campus (not including Sayre) for any reason between the hours of 12:00 midnight and 7:30 A.M., unless otherwise posted.

If classes are canceled and the University is officially closed, parking is prohibited on Asa Packer Campus (not including Sayre) and Mountaintop Campus until 7:30 A.M. on the day following the closing.

**Lehigh University Parking Regulations**  
**Effective July 1, 2019**

Parking is prohibited on Asa Packer Campus (not including Sayre) and Mountaintop Campus from Friday at 5:00 P.M. through Monday at 7:30 A.M.

In addition to the above, it may be necessary to temporarily close lots at other times or to temporarily close additional lots. When this occurs, lots or areas must be vacated according to the posted snow emergency to a temporary parking area.

It is the responsibility of the individual to ascertain whether or not the snow emergency regulations are in effect. VIOLATORS WILL BE TOWED AT THEIR OWN EXPENSE.

On days of inclement weather that cause interruption to normal Lehigh University Transit Service, accommodations will be made for those parking remotely to get them safely to their vehicles.

The procedure for ensuring access to the Commuter Lots will be as follows:

1. The Lehigh University Transit System will continue operation as normal for as long as roadway conditions allow.
2. The Parking Services Department will issue **Snow Alerts** allowing alternate parking locations for Goodman Commuter lot users only within walking distance to Asa Packer Campus and Mountaintop Campus in the event operations to the Lehigh University Transit System is anticipated to be impacted by an upcoming storm.
3. In the event a Snow Alert was not issued, and the Lehigh University Transit System is not operating, **please call (610) 758-4410** to secure a safe ride from the Transportation Department. Please note that the Transportation Department will have schedule limitations based upon demand and storm severity and there may be a wait time for safe rides.

Snow Alerts will be issued by the Parking Services Department when weather indicates that a Snow Emergency may occur. Snow Alerts will be issued the night before an anticipated Snow Emergency or by 6 A.M. the morning before an anticipated Snow Emergency. A Snow Alert does not indicate that Lehigh University facilities are closed, or classes cancelled. A Snow Alert will provide information to Commuter Lot users of available Asa Packer Campus or Mountaintop Campus parking locations. These alerts may allow Commuter Lot users an exception to the parking assignment regulation. Commuter Lot users without a valid Lehigh University Parking Permit will not be eligible for parking assignment exceptions.

Asa Packer or Mountaintop Campus parking facilities may not always have available parking capacity to accommodate Goodman Commuter Lot users during a Snow Alert, as determined by the Parking Services Department. In these cases, the Snow Alert may notify Goodman Commuter Lot users that they will be eligible for parking fee reimbursement at the New Street Garage (324 S. New Street, Bethlehem). To receive reimbursement, Lehigh University Permit Holders must present the time and date stamped receipt from the New Street Garage to the Parking Services Department in person at 622 Brodhead Avenue by May 31 of the academic fiscal year. Parking will not be reimbursed unless the Snow Alert issued by Parking Services specifically directs Commuter Lot users of this exception. Vehicles will not receive reimbursement for parking 12:00 midnight to 7:30 A.M at the New Street Garage.

During a Snow Emergency, Essential Staff (as defined by Human Resources) regardless of permit assigned location will be permitted to park on Asa Packer campus.

## **12.0 TEMPORARY LOT CLOSURES OR LOSS OF PARKING**

Parking Services reserves the right to close parking facilities for events, maintenance and other university needs. Parking Services shall notify those assigned to affected parking facilities seven (7) business days prior to impact of temporary closure and the relocated parking location for permit holders. In case of emergency, notification may be provided day of, and the same accommodations will be made for Permit Holders as during Snow Alerts (refer to Section 11.0 "Snow Emergency Regulations").

## **13.0 ON-DEMAND TRANSPORTATION PROGRAM**

The University is piloting a program with Lyft to provide an on-demand transportation service to the Lehigh University community.

Departments or other organizations within the Lehigh University community may sign-up for an account promotion code through the Parking Services Department. These codes will allow the designated users of the promotional code a ride generated on-campus to any other campus location up to a maximum of \$5. The code can be limited to specific users (through use of Lehigh University email address) or to groups through distribution of a code. If the ride exceeds \$5, the user will be responsible for the balance. Eligible trips are limited to the campus boundaries (refer to Appendix C).

Current Departments signed up for this program include:

### **Architecture, Art and Design (AAD) (PILOT)**

Students must sign up their email address with AAD to participate in this program. Eligible hours for this program are from 2 A.M. to 6:30 A.M. and are intended for trips from Mountaintop Campus to their residence at hours when the Lehigh Transit System is not in operation. A group code will be issued to AAD eligible students.

### **Commuter Lots (PILOT)**

Faculty, staff, on-campus vendors, and Adjunct Faculty/Wage employees who utilize the Commuter Lots are eligible for this program. This program is intended to supplement the Lehigh Transit System while bus service is not in operation or when Commuter Lot users have a direct access need such as doctor's appointment, early-school dismissal for children, etc. Two (2) one-time use codes will be issued to Remote Parkers.

Codes will be issued as a one-time use code or as a repetitive group code for a group of users. If a group code is issued, you must have a valid Lehigh University email address.

## **14.0 TEMPORARY VEHICLE REGISTRATION**

Temporary parking permits, for vehicles in temporary use, must be obtained in advance of a vehicle appearing on any Lehigh property. The vehicle should be kept off campus until such a permit is obtained.

## **15.0    DISABLED VEHICLES**

Disabled vehicles must be completely removed from the roadway and a sign placed in plain view that the vehicle is disabled, and steps must be taken to remove the vehicle as soon as possible.

A disabled vehicle must be reported to Parking Services at 610-758-PARK (610-758-7275) during regular business hours or to the Lehigh University Police Department at (610) 758-4200 during off-hours if the vehicle is not legally parked in its designated permit area. A disabled car report will be posted on the vehicle and the owner will have 24 hours to remove the vehicle.

## **16.0    VEHICLES MOVED WITHOUT AUTHORIZATION**

When a vehicle has been moved (either driven or pushed) by someone other than the operator, the registered operator will nevertheless be responsible. Since this has been known to happen, the owner should set the brake, lock the vehicle and retain the keys.

## **17.0    BORROWED VEHICLE**

When a vehicle has been loaned to another person and is subsequently issued a ticket, the person to whom the vehicle is registered with responsible for such violation.

## **18.0    LOSS OF TICKET**

It is impossible to determine whether or not a ticket was on the car when the owner returned. A presumption will therefore, govern: a ticket placed on a vehicle is there when the owner returns.

## **19.0    ADDITIONAL SANCTIONS**

FIRST-YEAR STUDENT violators are subject to additional penalties including, but not limited to, suspension of privileges for subsequent years.

UPPERCLASS violators are subject to additional penalties including, but not limited to, suspension of privileges, upon receipt of the fourth violation in one academic year.

ALL MOVING VIOLATIONS will be issued state citations by the Lehigh Police and will be turned over to the Pennsylvania judicial authorities.

The University reserves the right to issue state citations for certain parking offenses in place of University tickets. Student fines may be paid at the Parking Services office. If a fine is not paid promptly, the student's credit and privilege of further registration at the University will be withheld until the fine or fines are paid. Faculty and staff fines may be paid at the Parking Services office until submitted for payroll deduction.

## **20.0    TEMPORARY ILLEGAL PARKING**

The fact that illegal parking was brief does not constitute an excuse, or a special or unusual circumstance.

## **21.0 CONTINUED ILLEGAL PARKING**

The fact that the operator has in the past parked illegally without receiving a ticket does not constitute an excuse, or a special or unusual circumstance.

## **22.0 INCORRECT ADVICE**

The fact that a person has been incorrectly advised does not constitute an excuse. In this regard, the authority is the Lehigh University Handbook, Parking Regulations, and any superseding Motor Vehicle Regulations.

## **23.0 IGNORANCE OF THE LAW**

Ignorance of any regulations concerning the operation or parking of a vehicle on any University property is not valid justification to request that a fine or penalty be waived. All members of the University community are expected to be familiar with these regulations and subsequent revisions.

## **24.0 RECURRING VIOLATORS**

Upon receipt of the third ticket in one academic year, upperclass students, whose vehicle is registered with the Parking Services office, can expect to receive a warning letter and may be issued further sanctions including loss of parking privileges. Additionally, all violations subsequent to the third are \$50.00 for each time observed and ticketed, or the fine stated in Section 26.0, whichever is higher.

## **25.0 PROHIBITED PARKING**

Parking is prohibited as follows:

- On either side of the road anywhere on the campus;
- On any road except where specific parking areas are marked;
- On any sidewalk, in such a manner that the wheels of the vehicle rest on the grass;
- In fire zones;
- Against the flow of traffic.

If there are no white lines, parking is not permitted.

## **26.0 VIOLATIONS & FINES**

Violations are cumulative during each academic year and all violations subsequent to the third are assessed at \$50.00 for each time observed and ticketed, or the fine stated in this section, whichever is higher.

Violations and fines issued to Capital Project Vendors, Project Based Vendors, or On-Campus Vendors will not be disputed by the Lehigh Project Manager on behalf of the contractor/vendor. These fines will not be paid by the Lehigh Project Manager. These tickets will be paid directly by the contractor/vendor, without reimbursement from Lehigh or the project.

## **28.0 EV CHARGING STATION**

### **28.1 GENERAL**

An Electric Vehicle Charging Station has been installed in the Alumni Building Parking Pavilion Level 1 and is now available on campus for use by faculty, staff, students, alumni and visitors based upon the following guidelines:

Charging your EV at Lehigh University is on a first-come, first-served basis. We do not guarantee that a charging station will be available for participants' use.

To use Lehigh University's EV charging stations, you must sign up at: <http://www.chargepoint.com/>

Lehigh faculty, staff, students and vendors with a valid Lehigh parking permit may use the charging station at the following rate: first 4 hours are free plus \$2/hour thereafter. To receive this rate, please email [inpark@lehigh.edu](mailto:inpark@lehigh.edu) to obtain the connections code.
