

Parking System

The Path to Prominence relies heavily on development proposed on existing surface parking lot facilities throughout the Asa Packer Campus. Current development plans, population growth, coupled with the implementation of the car free zone, is expected to impact approximately 600 parking spaces. Effective and properly-utilized parking will support the needs of the campus in a more sustainable manner. Lehigh will implement a parking strategy to accommodate demand in a sustainable way.

Parking System - Goals

- Increase parking efficiency by taking advantage of currently under-utilized parking areas.
- Upgrade our parking facilities to comply with ADA guidelines supported by a transit service.
- Limit vehicular access and parking throughout the core campus and establish the car-free zone.
- Remove parking while limiting access of cars and service trucks throughout the primary pedestrian campus routes.
- Maximize the efficiency of existing parking supply and reducing the reliance on the personal vehicle by assigning every parking permit issued to only one (1) specific location (location based parking).

Parking System - Goals

- Continually assess parking demand on the Asa Packer Campus and encourage use of commuter parking areas in order to reduce demand.
- Partner with the City of Bethlehem and lease parking from the City as required by demand to provide parking inventory within walkable distance to Asa Packer Campus.
- Offer designated parking zones to faculty and staff
- Reduce the number of students with vehicles through effective transportation alternatives.

What's Changing?

Over the next 8 years Path to Prominence Initiatives throughout campus will result in changes to existing parking inventory on Asa Packer Campus. The following parking lots will be affected by various [projects](#):

- Whitaker Parking Lot – [Health Science Technology Building](#)
- Parking Inventory in the Campus Core – [Car-Free Zone](#)
- Webster & Packer Parking Lot – [Executive Business School](#)
- Trembley and Kappa Delta Parking Lots – [Bridge West Housing](#)
- [Expansion of Programming on Mountaintop Campus](#)
- [Expansion of Academic Programming on Asa Packer Campus](#)
- [Increase in Student Population](#)

New Street Garage Parking for Visitors

There are 626 parking spaces in the Bethlehem Parking Authority New Street Garage. If you have visitors to campus and parking is not available on campus, chaser cards can be pre-purchased.

Lehigh University Commuter Lot Parking Option on the Northside

Parking Assignment

- Beginning July 1, 2019, all permit holders at Lehigh University will be assigned to a Campus Parking Zone based upon campus address on a first-come first-serve basis.
- In the event all parking permits available for a parking zone are sold out, permit applicants may choose to be placed on a waitlist and may elect to park in the Mountaintop or SouthSide campus parking zone (also first-come first-serve), in the Goodman Campus Commuter Lot, or in the Northside Commuter Lot.
- Parking permit fees vary based upon parking zone.

Reserved Spaces per American's with Disabilities Act (ADA)

Have you noticed us working?

Parking Services is currently upgrading all campus parking facilities with new ADA signage and striping.

You will notice more ADA Reserved Parking Spaces for vans and cars throughout campus.

Lehigh University is committed to providing an accessible campus to our community.

Reserved Spaces per American's with Disabilities Act (ADA)

- Lehigh University permit holders may only park in ADA Parking Spaces if they are displaying a state issued American's with Disability (ADA) Plate or hangtag or a Lehigh issued hangtag.
- Vehicles in an un-metered space must display a permit valid for the designated Lehigh University parking zone.
- Vehicles in a metered space with a Blue Meter must pay meter rate.
- ADA Parking Spaces provided in Faculty/Staff Parking Facilities or Student Parking Facilities (permitted lots) are only available for assigned permit holders to that campus parking zone. Visitors eligible for use of ADA Reserved Spaces must have a Daily Visitor Pass or utilize the pay-by-space or meters available in Zoellner Garage, Alumni Garage and Mountaintop Campus. On-street meters are under the jurisdiction of the Bethlehem Parking Authority.
- Parking Services will make every effort to provide an assigned location for Daily Visitor Pass permittees eligible for ADA Reserved Spaces to the closest location to their destination. In the event the location is within the Car-Free Zone, AccessLU may be utilized.
- Individual reserved spaces will not be provided for medical needs.

Short Term Parking

- Short Term Parking will be available
 - Taylor Street, adjacent to Grace Hall
 - University Drive, from Quad Drive to Rathbone.
- Parking Meters will be converted to "Short Term Faculty/Staff" parking spaces. Permit holders will be notified at time of permit application if their permit is valid in these spaces.
- Faculty, Staff, and Non-Residential RA/GA/TA students will be eligible to park in "Short Term Faculty/Staff" parking spaces for a maximum of 2 hours.
- If a car is relocated from one "Short Term Faculty/Staff" space to another within the same zone resulting in excess of 2 hours with the same day, it will be issued a citation.
- All users of the "Short Term Faculty/Staff" parking spaces must be a valid Lehigh University parking permit holder.

What if I do not get my preferred parking location?

- Request to be placed on a waitlist for your preferred zone
- Consider parking at the other locations available – Mountaintop Campus, Goodman Commuter Lot or Northside Commuter Lot
- Consider carpool, public transit, vanpool, or other forms of transportation.
- Purchase a Parking Permit Direct from Bethlehem Parking Authority
 - New Street Garage - \$65 per month - \$780 per year
 - Mechanic Street - \$40-\$50 per month - \$480 to \$600 per year
